### BREAKTHROUGH TECHNIQUES FOR SHOOTING

*Improve Shooting...And Much More!*

1. Learn the breakthrough mental training techniques of positive self-talk, relaxation, visualization, concentration and goal setting that enhance confidence.
2. Develop a better understanding of your shot - the "feel" and reaction of the ball on the rim. Receive slight adjustments in individual shooting mechanics and key words that improve confidence, rhythm and range.
3. Become your own best teacher. Use personalized drills to practice correctly and gain the shooter's "feel." If you lose it, know exactly what to do to get it back.
4. Learn how to transfer the mental techniques for shooting to other parts of your game and to team and personal goals.
